3D Metal Photoshop Action

Hello! Thank you so much for purchase!

[Please rate this item here](#)

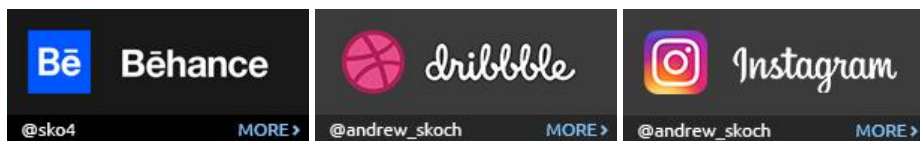

My name is Andrew Skoch. I'm graphic designer and [GRAPHICRIVERAUTHOR](#)

I tried to make super easy to use actions.

If you need any help please feel free to contact me through the contact form on [MY PAGE](#) or via email: andrewsko490@gmail.com

I will be happy for your comments and any feedback. It's always cool to see how my actions and mockups are used. So feel free to contact and show me your work.

Let's become friends!

It's very easy to use this action:

1. Install action into your Photoshop:

Simply double-click one of **atn files**

2. Install patterns into your Photoshop:

Simply double-click **pat file**

3. Create new file in Photoshop

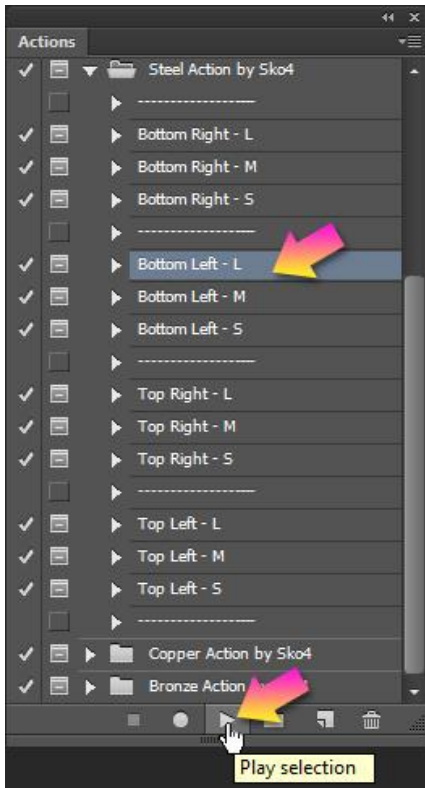

File->New

4. Create your shape or text. Or use existing layer.

Text layer | Vector shape | Pixel layer | Smart object | Folder group

5. Go to the actions palette

If the actions palette is not visible, go to “Window”, then click “Actions” in the dropdown.

Find in action palette:

Steel Action by Sko4

Copper Action by Sko4

Bronze Action by Sko4

Choose one of **4 directions**

Choose one of **3 depth sizes:**

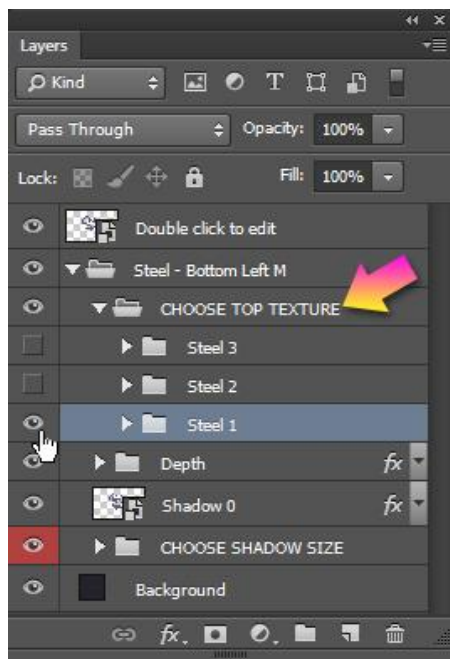

S – small

M – medium

L – large

6. Click the 'Play' button and wait for the action to complete

7. Now you can customize the result:

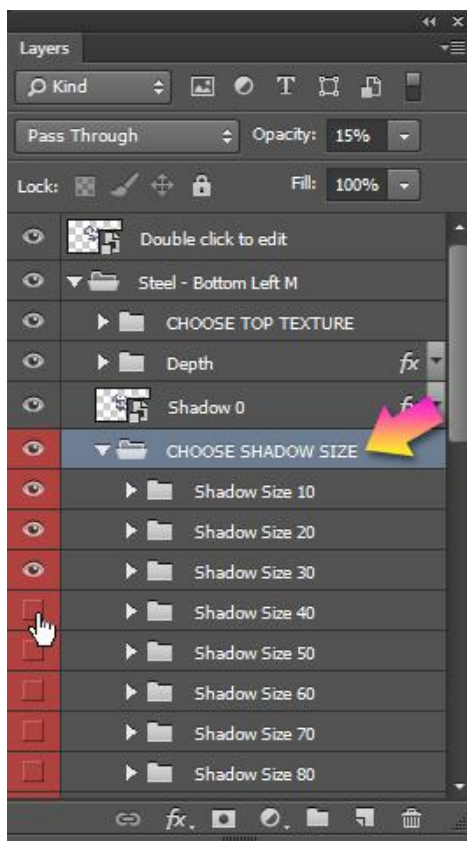

You can choose TOP TEXTURE.

Just disable necessary groups of layers in “CHOOSE TOP TEXTURE” folder

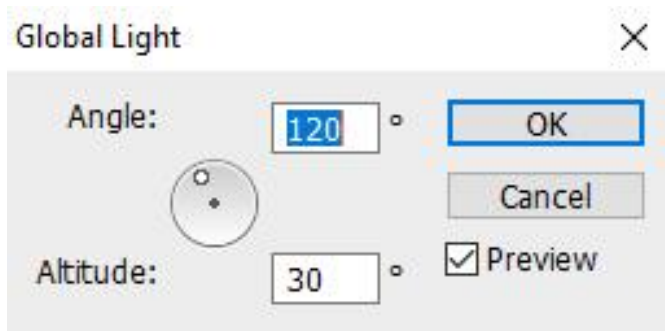

You can choose shadow size.

Just disable necessary groups of layers in “CHOOSE SHADOW SIZE” folder

You can choose light and shadow direction.

Go Layer -> Layer Style -> Global Light

Enjoy results! And good luck with your projects!
